

Mr. SPEAKER.—That is the kind of management so far as the funds are concerned. He said that no returns were filed. So, where is the scope for discussion? Let us see whether the Education Department can enlighten us in the matter.

Sri S. R. KANTHI.—So far as this question is concerned, after you phoned me, I had a talk with the officers of the Department and they told me that it was not possible to give any information about the Hyderabad Karnatak Education Society. We can only give information about the maintenance grant.

Mr. SPEAKER.—Whatever information is available will have to be placed on the Table of the House.

Sri S. R. KANTHI.—So far as the grants are concerned, I can place the information on the Table of the House day-after-tomorrow.

Sri K. S. SURYANARAYANA RAO (Mysore City).—The answer given by the Hon'ble Minister put the whole thing in a different perspective. When the whole question is about the Society and its management, if the Society fails or refuses to give information, then it becomes rather difficult. Under the Registration of Societies

Mr. SPEAKER.—That has already been answered that according to the law then prevailing, 51 per cent of the members must move the Government and then the Government will take action.

Sri K. S. SURYANARAYANA RAO.—If the Registrar of Co-operative Societies has any powers, if he has exercised any powers and if he has any information ..

Mr. SPEAKER.—If the debate is to be fruitful and if all that is answered here should be discussed, I think the Education Department also should exert itself. There is no point in discussing it today. If members discuss it within half-an-hour, at the 31st minute, it will have to be closed automatically. I would rather like it to be usefully spent. Therefore, we shall have it day after tomorrow.
